

CDE COMPLAINT AND INVESTIGATION PROCEDURES

A California Department of Education (CDE) or “state” complaint is a formal request to the CDE to investigate allegations of noncompliance with special education laws, federal or state. It is the responsibility of the CDE to ensure that the District abides by laws pertaining to special education while meeting the educational needs of students with disabilities. A complaint must be filed within one year of the alleged violation.

(34 C.F.R. § 300.151; 300.153(c).)

Who May File a Complaint?

Individuals, including parents/guardians, students, teachers, and agency representatives, may file a complaint with CDE. Organizations may file complaints as well. The party filing the complaint against the District must forward a copy of the complaint to the District at the same time the party files the complaint with CDE.

(34 C.F.R. § 300.153(a), (d).)

What are the Required Elements of a Complaint?

A complaint must be submitted in writing and include the following:

1. A statement that the District has violated special education law;
2. Facts on which such statements are based;
3. Signature and contact information for the complainant;
4. Child’s name, address, and school if alleged violations are student specific; and
5. Proposed resolutions.

(34 C.F.R. § 300.153(b).)

Where Must a CDE Complaint be Filed?

CDE complaints may be sent by mail or faxed to:

What are the Elements of a Complaint Investigation?

Once an individual has filed a complaint with the CDE, an investigator will contact the complainant and the District in the complaint. The investigator will gather facts about the allegations through interviews and document reviews.

Based on documentation/information collected, the investigator will prepare a complaint investigation report which will contain the following:

- Allegation summary;
- General investigation procedures;
- Applicable law and regulation;
- Finding of facts;
- Report conclusions (compliance or noncompliance); and
- Corrective actions and timelines, if applicable.

The CDE will send a copy of the investigation report to the complainant, the District and the parent(s)/guardian (if different from the complainant).

A complaint investigation is completed within 60 days of receipt of the complaint by CDE; however, the 60-day timeline may be extended under certain circumstances.

What if Noncompliance is Found?

If the complaint investigation yields a finding of noncompliance, the investigation report may include corrective actions, including requiring the District to:

- Convene a new IEP meeting;
- Conduct further assessments;
- Submit plans outlining proposals to correct violations and prevent future ones;
- Initiate personnel training in the area(s) of violation(s);
- Provide compensatory education or reimbursement;
- Review and/or revise procedures and practices; or
- Participate in monitoring and reporting activities.

What if There is Disagreement with Investigation Findings?

The CDE has an appeals process in which any party involved in the complaint may request reconsideration. In order to initiate the appeal process the party in disagreement with the investigation findings shall submit a written reconsideration request to the CDE within 35 calendar days of receiving the investigation report.

What Can the District Do to Facilitate a Complaint Investigation?

- Cooperate with any complaint investigation and provide any requested documentation in a timely manner.
- Submit all documentation regarding the complaint.
- Offer a resolution session (alternative dispute resolution (ADR)) to resolve concerns that prompted the complaint. This step is voluntary. For more information, please reference the section of this guide titled, “Due Process.”

Failure to respond may result in a finding and remedy in favor of the complainant.

Please contact the District for additional information regarding the complaint process and investigation procedures. You may also contact CDE directly.
